### **Vintage/Military Vehicle Booking Form**

This year's vintage/military vehicle application forms will be available to complete by downloading via the ELR website. Please ensure you have filled in the correct form and all of the details required.

If your application is successful, you will be entitled to one complimentary event pass for our 1940's event. Should a passenger be travelling in your vehicle with you, they will also receive a complimentary event pass. A maximum of two event passes will be provided to one vehicle.

Unfortunately, in recent years we have seen abuse of passes therefore your pass will be available for collection at your chosen display location on the first day of the event. The ELR is a registered charity (1107332) and providing free travel is entirely at the discretion of the organisers. Once we have received your application, you will receive a confirmation email or letter to confirm your attendance at the event.

Please ensure that you have stated where you intend to display your vehicle to ensure your passes will be available to collect at this location. All vehicles displayed at the event must have the appropriate 3rd party insurance.

Camping pitches are available at Ramsbottom Sidings. If you wish to camp onsite at the railway, you must apply for a pitch in advance so we know who to expect on site. Due to the location of the camping being next to the operating railway line, strict rules must be adhered to and access times to the camping pitches is restricted. If you do not book your camping pitch in advance, you will be refused access to site.

**All forms should be submitted no later than Friday 10th May. Any forms received after this date will not be considered for passes.**

**Please post all completed applications to:**

## **Re-enactors Uniform Policy**

All re-enactors must adhere to the following costume policy:

In order to ensure we do not offend or insult, the ELR will prohibit those elements of World War 2 German and Axis military re-enactment that are likely to enflame emotions and cause offence to our visitors. We shall be monitoring very closely attendance at the event by re-enactors representing those elements and we shall be adopting a very strict policy in regard to involvement in our event.

For clarity, the ELR will not permit entrance on to the railway to anyone who is dressed as:

- Schutzstaffel (SS) staff
- Allgemeine SS forces
- Waffen—SS

Or individuals wearing any uniform or clothing displaying:

- The Totenkopferbande (Deaths' Head) symbol
- Red armbands emblazoned with the swastika
- Or any other overt Nazi insignia

We are also placing restriction on the wearing of certain German Officer uniforms connected with the more controversial events of the Nazi regime.

In an attempt to properly monitor and enforce compliance with these restrictions, our staff will be briefed on what to look out for in terms of which uniforms and regalia are prohibited, along with what actions to take should they witness something that does not conform. In such circumstance, re-enactors will either be refused access to, or required to leave ELR premises.

Whilst we understand that these arrangements will not attract universal support, we do hope that all will understand the reasons as to why we have to take such a firm stance regarding representations that may cause offence to our visitors during this family event.
