### **Hazards To Be Aware Of (Locomotives)**

Locomotives cabs and footplate are a hot and noisy environment. Many of the fixtures and fittings are very hot. There may be minor steam and oil leaks, and there is limited space to maintain a safe distance from hot surfaces, so this experience will only be available to one participant at a time and no additional guests will be permitted due to the limited room on-board.

## **Clothing & footwear**

Participants must wear stout shoes or boots (safety shoes / boots) and avoid wearing polyester or nylon trousers. Gloves may be provided to participants to wear in the cab or on the footplate. Please note: locomotive cabs can be dirty environments, so it is advised not to wear your best clothes.

## **Alcohol & Drugs**

Participants and guests must not attend under the influence of alcohol or any drugs which may affect vigilance, stability, awareness, whether medically prescribed or not, or consume before undertaking a taster driver experience course. ELR staff will refuse access to participants if they feel that a participant is under the influence of alcohol or drugs.

## **Mobile Phones / Photographic Equipment**

When the locomotive is in motion, participants are prohibited from using mobile telephones, interactive mobile devices and photographic equipment whilst driving or firing. Opportunities for photographs on the footplate are available once the locomotive has come to a stand and secured by the crew.
